

SKINNING MACHINE

V1658

SKINNING MACHINE

V1658

PRODUCT INFORMATION

The V1658 is a double lane skinning machine that is designed to skin all types of fillets. The machine has two pressing rollers which makes it possible to process two fillets at the same time.

The V1658 can be provided with one pressing roller. Hereby it can be used as a single lane skinning machine.

The skinning options range from silver and traditional to deep skinning of salmon fillets, pre and post rigor.

ADVANTAGES

- Can be used both as a single and a double lane machine.
- The skinning thickness can easily be adjusted.
- Easy to operate.
- Easy to clean.
