

ICE DOSER

500 doses/hour

ICE DOSER

500 doses/hour

PRODUCT DESCRIPTION

The Ice Doser is built for automatic filling of ice into boxes with fish.

The machine is built in a strong stainless steel construction, and all parts used are made in FDA approved materials.

Consists of:

- Ice buffer with a volume of 1,5 m³
- Conveyor that transports the ice from the Ice Doser tank to the boxes
- Dripping tray that ensures that the ice will not end up on the floor
- System for automatic dosing

Extra equipment:

- Conveyor that transports boxes to and from the Ice Doser
